# THE COOPERAGE

## 1996

foundation in Ladoix-Serrigny in  
the heart of the Burgundy Climats

Two complementary and essential partners for the  
know-how of the cooper :

**CANADELL** : a stave mill since 1950, ensures a  
regular supply of quality staves from the most  
sought-after regions in France.

**MAISON LOUIS JADOT** : a historic producer of fine  
Burgundy wines since 1859 in Beaune.  
The privileged sharing of expertise allows Cadus to  
refine the style of barrels in the pursuit of respecting  
the terroirs.

## SOME NUMBERS

## 18 000 to 20 000

barrels shaped each year

# EXPERTISE

## WOOD

A high quality rough staves selected by our “merrandier” partner, Canadell.

This consistent supply from the most beautiful oak groves in France guarantees constant quality.

## SORTING AND OPEN-AIR SEASONNING

Such as the grapes at the harvest, the rough staves are sorted as soon as they are received and classified according to their origin and grain quality.

The optimal open-air seasoning takes place at Tonnellerie Cadus in the heart of Burgundy.

## TOASTING

The precise protocol is followed with time and temperature control by laser to release the aromatic expression of the oak according to the desired intensity.

## SHAPING

The shaping of the barrels is based on the traditional French expertise of the cooper's trade.

The gestures are precise, sequenced, and are the subject of great care.

# COMMITMENTS TO SUSTAINABILITY

## PLANT TODAY AND FOR TOMORROW

- Transmitting heritage through the program since 2015 with the "**1 Barrel Purchased, 1 Tree Planted**" initiative. In 2022, this participation led to the planting of more than 70,000 trees in various regions of France.
- Reducing waste by introducing **hemp canvas for our packaging**, thanks to the expertise of Géochanvre in Burgundy.
- Local involvement through the realization of the Pièce des Présidents in 2023 for the auction of the Domaine des Hospices de Beaune.
