THE CHOICE OF LOCAL ENGAGEMENT

Tonnellerie Cadus is committed to reducing its environmental impact and supporting local activity by choosing suppliers in Burgundy within a local area for the entire barrel manufacturing process.

The 47.07 barrel goes even further to be as close to you as possible.

The GPS coordinates of Tonnellerie Cadus, 47.07, 4.89, have been selected for this barrel with 100% local colors. The main components, namely **wood, hoops, flour, and hemp protection**, come from Burgundy.

FOR YOU, WINEMAKER, THAT MEANS

The continuity of an eco-responsible attitude in your cellar

Reducing your carbon footprint

Supporting the local economy through short supply chains

Reforestation in Burgundy*

To go even further, you also have the option to eliminate packaging according to a clause**.

Tonnellerie Cadus supports reforestation projects in Burgundy with the '1 barrel purchased, 1 tree planted' program implemented since 2015 in collaboration with the Naudet nursery*.

* The reforestation program for the year 2024 plans to replant more than 20,000 trees in the forests of Côte d'Or, including Villberny, Chailly sur Armançon, Bèze, and Chamblanc.
